The Grecian Fete

The Department of Architecture has in past years been the scene of many a splendid fete. These have usually been in period and often in very florid mood. This year witnessed a Classic Revival in a real sense and the show as a result was a Grecian Fete. A competition was held among the three upper classes for the design of the decoration and settings and was won by E. C. Berendes of the Seniors for the Hall and by C. L. Martin of the Juniors for the Library. The stairway approaches were executed by the Sophomores. Costumes as well as decorations were all authentic as to period and showed a great deal of accurate and painstaking study and labor. The great success of the fete was in large measure due to the efforts of the Fete Committee headed by J. P. Turner.

FELLOWSHIPS AND PRIZES

The Francis J. Plym Fellowship

This Fellowship is awarded annually to a graduate of the Department by competition, and carries a stipend of one thousand dollars for one year of travel abroad for the study of architecture.

The Plym Prize

The Prize representing fifty dollars worth of books is awarded by competition to three students in the junior year of architectural engineering.

The American Institute Medal

The American Institute of Architects offers annually a medal to be awarded to the graduate of the Department whose work throughout the four years has been adjudged the best. In making the award the scholarship in all work for the entire curriculum is considered.

The Scarab Medal

The Scarab Medal in Architecture is awarded annually to a student of the Department. This prize is a bronze medal which is awarded by competition.

The Faculty Prize

A volume of some work on architecture is awarded annually by the faculty to the student showing throughout the year the greatest progress in sketch problems.

The Ricker Prize

This prize, established by Alpha Rho Chi as a memorial to Dr. Nathan Clifford Ricker for thirty-seven years Head of the Department of Architecture and for fifty years a teacher of Architectural History, is open to students registered in the second semester, Junior year of Architectural History. It was designed to stimulate interest in Architectural History and consists of a First, Second and Third Prize. It is awarded annually.

This bronze bust of Dr. Nathan Clifford Ricker was presented to the Architectural Department of the University by Alpha Rho Chi in esteemed commemoration of Dr. Ricker's fiftieth anniversary in the service of the University of Illinois. It is now to be found mounted upon a pedestal in the Ricker Library of Architecture.

KENWOOD National Bank at 47th Street and Grand Boulevard, Chicago, Illinois; Henry L. Newhouse and F. M. Bernham, Architects.

Entire facade is of "Northwestern" matt glazed, light pink mottled terra cotta, with gold letters for name panel. Note, particularly, the perfect alignment of columns and pilasters and the architectural and mechanical excellence of the terra cotta throughout.

Whenever absolute dependability is required, wherever fine design and skillful workmanship are essential, "Northwestern" quality and service will be found pre-eminent.
